QUOTATION SHEET**Commercial Tire Service and Inventory Supply**

The intent of this solicitation is to provide commercial tire service and inventory supply for a municipal fleet of various Class 1 through Class 8 trucks, transit buses, trailers, off-road equipment, ambulances, and fire apparatus, and fire and rescue administrative vehicles. The portion of the County fleet to be serviced by this solicitation is comprised of, but not limited to approximately 300 dump and vocational trucks, 50 pieces of assorted off-road construction equipment, 150 trailers, 396 29'-40' transit buses, 475 fire apparatus, and 200 fire and rescue light fleet administrative vehicles. The County's fleet of Class 1 cars and trucks will not be covered by this solicitation, other than approximately 200 fire and rescue light fleet administrative vehicles. Fleet counts noted above are estimates and subject to change with changing fleet composition.

Award will be made by Group based on the lowest aggregate total price bid to the County for the combination of all tire services, which includes the following:

Group I- Division of Fleet Management Services

1. Transit Service and Inventory Supply
2. Trailer, Off-Road Equipment, and Medium/Heavy Truck Commercial Tire Service
3. Trailer, Off-Road Equipment, and Medium/Heavy Truck Commercial Tire Miscellaneous
4. Trailer, Off-Road Equipment, and Medium/Heavy Truck Commercial Tire Inventory Supply and Disposal

Group II, Department of Fire and Rescue Services

1. Tires/Wheels/Accessories
2. Fees & Services

See also Section A. 3. A, Method of Award.

The County requires the bidder to dispose of old tires as new or retread tires are delivered on a one-for-one basis. New tires are removed from the steering wheel's location (front) well before they have finished their life cycle and can be re-used or sent out to be recapped. All tires that have 4/32" tread life or less must be removed from the steering position for Group I only.

Wheel/tire packages that have been removed will be quarantined and held for evaluation for Group I only.

Additional tires not listed on the Quotation Sheets for both Group I and Group II may be needed as new vehicles and equipment are purchased and added to the fleet, or the manufacturer required a deviation in the tires being used for a specific vehicles' application. These new items will be provided to the County at a cost not to exceed that of the GSA schedule or to the Contractor's most favorable customer, whichever is less. The County reserves the right to request evidence of pricing for Contract compliance purposes. These items will be added to the Quotation Sheet for either Group I or Group II via a mutually executed Contract amendment.

Bidders must bid on all items within each Group to be eligible for award of that Group. Failure to bid each item within each Group bid will result in the bidder being non-responsive. Bidders may bid on Group I or Group II or both Groups, there is no limitation on award other than the bidder must bid on all items within each Group to be eligible for award of that individual Group.

Bidders must utilize the Excel spreadsheet provided by the County as the bid part of their Quotation Sheet. All calculations will be automatically calculated. Please note, the spreadsheet for Group I contains six (6) tabs, and the spreadsheet for Group II contains three (3) tabs.

All prices quoted shall remain firm for the first Contract year.

SOLICITATION AMENDMENT #2
IFB# 1162622
December 31, 2024

PAGE 1 of 2 FOR THE PROCURMENT OF: **Commercial Tire Service and Inventory Supply**

ALL SOLICITATION AMENDMENTS MUST BE ACKNOWLEDGED BY THE OFFEROR PRIOR TO THE HOUR AND DATE SPECIFIED IN THE SOLICITATION (AS AMENDED) FOR RECEIPT OF OFFERS. FAILURE TO ACKNOWLEDGE AN AMENDMENT MAY BE CAUSE TO REJECT THE PROPOSAL.

DESCRIPTION OF AMENDMENT:

The following information is provided in response to the Optional Pre-Bid Conference held virtually on Microsoft TEAMS on December 4, 2024:

I. Questions Received at the Pre-Bid:

-Q 1 Will there be more than one awardee per group or just one?

-A. In Section C, Special Terms and Conditions, #48, Primary and Secondary was selected. The County reserves the right to make primary and secondary awards for each group. There is no guarantee of awarding both primary and secondary for each group.

-Q 2. Will a list be emailed out of vendors that submitted bids?

-A. You can see the bid holders on the bidnet website, which are the companies that downloaded the solicitation. Since this solicitation is an IFB, the results are publicly posted. The names of the entries that submitted bids will be posted on Procurement's website on the solicitations bid tab, along with the pricing from the solicitation.

-Q 3. In regard to the "Or Equal" interpretation for group 1, will a list be provided of what can be considered "Or Equal"?

-A. No, a list of what would be considered an "Or Equal" will not be provided. The "Or Equal" bid must meet or exceed the specifications of the items being solicited.

-Q 4. A couple tires on the list that are not produced anymore, do you want these to be entered via the "Or Equal" or highlighted to be updated?

-A. If these items are no longer produced by the line item manufacturer, the bidder are to bid the item that has replaced or superseded it through obsolescence and indicate so in the "Superseded Y/N" column.

-Q 5. Is the price for aluminum wheel polish for 1 side or both sides?

-A. This is per side, not by both sides. See Revised Tires Group I Spreadsheet – A2, changes in bold and italic.

-Q 6. Group II- Some of these tires are outdated and no longer available, how should the bidders bid these items?

-A. See Revised Tires Group II Spreadsheet- A2.

-Q 7. With FRS, since they don't always require steel wheel or aluminum wheel service, is there a way to break out the wheel servicing from the tire cost? A way to bid the items separately?

-A. Please see Revised Tires Group II Spreadsheet – A2.

QUOTATION SHEET**Commercial Tire Service and Inventory Supply**

The intent of this solicitation is to provide commercial tire service and inventory supply for a municipal fleet of various Class 1 through Class 8 trucks, transit buses, trailers, off-road equipment, ambulances, and fire apparatus, and fire and rescue administrative vehicles. The portion of the County fleet to be serviced by this solicitation is comprised of, but not limited to approximately 300 dump and vocational trucks, 50 pieces of assorted off-road construction equipment, 150 trailers, 396 29'-40' transit buses, 475 fire apparatus, and 200 fire and rescue light fleet administrative vehicles. The County's fleet of Class 1 cars and trucks will not be covered by this solicitation, other than approximately 200 fire and rescue light fleet administrative vehicles. Fleet counts noted above are estimates and subject to change with changing fleet composition.

Award will be made by Group based on the lowest aggregate total price bid to the County for the combination of all tire services, which includes the following:

Group I- Division of Fleet Management Services

1. Transit Service and Inventory Supply
2. Trailer, Off-Road Equipment, and Medium/Heavy Truck Commercial Tire Service
3. Trailer, Off-Road Equipment, and Medium/Heavy Truck Commercial Tire Miscellaneous
4. Trailer, Off-Road Equipment, and Medium/Heavy Truck Commercial Tire Inventory Supply and Disposal

Group II, Department of Fire and Rescue Services

1. Tires/Wheels/Accessories
2. Fees & Services

See also Section A. 3. A, Method of Award.

The County requires the bidder to dispose of old tires as new or retread tires are delivered on a one-for-one basis. New tires are removed from the steering wheel's location (front) well before they have finished their life cycle and can be re-used or sent out to be recapped. All tires that have 4/32" tread life or less must be removed from the steering position for Group I only.

Wheel/tire packages that have been removed will be quarantined and held for evaluation for Group I only.

Additional tires not listed on the Quotation Sheets for both Group I and Group II may be needed as new vehicles and equipment are purchased and added to the fleet, or the manufacturer required a deviation in the tires being used for a specific vehicles' application. These new items will be provided to the County at a cost not to exceed that of the GSA schedule or to the Contractor's most favorable customer, whichever is less. The County reserves the right to request evidence of pricing for Contract compliance purposes. These items will be added to the Quotation Sheet for either Group I or Group II via a mutually executed Contract amendment.

Bidders must bid on all items within each Group to be eligible for award of that Group. Failure to bid each item within each Group bid will result in the bidder being non-responsive. See the Bid Cover Sheet for the amount required for the Bid Guarantee for this particular bid. A copy of the Bid Guarantee must be submitted electronically, in PDF format, with your Bid. Prior to award, the successful Bidder(s) must present an original copy of the Bid Bond or Irrevocable Letter of Credit to the Office of Procurement, 27 Courthouse Square, Suite 330, Rockville, MD 20850. The County reserves the right of approval of any instrument offered as Bid Guarantee.

2. INTENT

- A. The Intent of this Invitation for Bids is to establish a Fixed Price or Rate of Discount Contract for the purchase of goods/services for Montgomery County, Maryland, as per the Terms, Conditions, Specifications, and/or Scope of Work, and Quotation Sheet contained herein.
- B. The Intent of the Invitation for Bids is to establish a Time and Materials Contract(s) with a responsible Contractor(s) to complement County forces at various County facilities, as may be required and as may be directed by the Director, Office of Procurement, and as called for in the SCOPE OF WORK statement(s) attached. All work shall be performed by a Specialty Contractor of established reputation who is regularly engaged in the performance of the specified work and who maintains, and makes available for this purpose, a regular force of skilled workmen.

3. METHOD OF AWARD

- A. The contract will be awarded by group to the responsible bidder(s) submitting the lowest responsive bid(s), as determined by the Director, Office of Procurement. The lowest bidder for each group is determined by the aggregate amount of the unit prices extended by the quantities set forth on the Quotation Sheet. Bidders must bid each item within each group in order to be eligible for an award of that group. Bidders may bid on either or both groups and be awarded either or both groups.
- B. The contract will be awarded by group to the responsible bidder submitting the lowest responsive bid, as determined by the Director, Office of Procurement. The lowest bid is determined by the aggregate amount of the unit prices extended by the quantities set forth in each group on the Quotation Sheet. Bidders must bid each item within a particular group in order to be eligible for an award for the group itself.
- C. The contract will be awarded to the responsible bidder submitting the lowest responsive bid, as determined by the Director, Office of Procurement. The lowest bidder is determined by the lowest unit price bid.
- D. The contract will be awarded by line item to the responsible bidder submitting the lowest responsive bid, as determined by the Director, Office of Procurement.
- E. The contract will be awarded by any other Method of Award as stated on the Bid Cover Sheet.

Regardless of which Method of Award is selected for this bid (Items A-E), THE DIRECTOR, OFFICE OF PROCUREMENT, reserves the right to award a contract by individual items, in the aggregate, or in any combination thereof, or to reject any or all bids and to waive any informality in bids received whenever such rejection or waiver is in the best interest of the County. Additionally, bidders are hereby notified that the Montgomery County Code, Section 11B-56 concerning the procurement of recycled materials

and supplies is applicable to this solicitation. The Code requires, where practicable, procurement by the County of materials and supplies recycled from solid waste, and authorizes the use of a percentage price preference. The percentage price preference for this solicitation is stated on the Bid Cover Sheet of this particular bid.

Recycled Material as defined by Section 11B-56 means "material recovered from or otherwise diverted from the waste stream, including recycled paper. It includes post-consumer waste, industrial scrap material and obsolete inventories..." A percentage price preference means "the percentage by which a responsive bid from a responsible bidder whose product contains recycled materials (or a greater use of recycled materials) may exceed the lowest responsive bid submitted by a responsible bidder whose product does not contain recycled materials (or a lesser use of recycled materials)."

Bidders offering recycled products as defined by the County Code are cautioned that in order to be eligible for the price preference, the County must be aware at bid opening that the product being offered is recycled. Failure to provide specifications and/or other documentation at bid opening indicating that the product being offered is recycled may result in the bidder not receiving the price preference.

Bidders are also advised that a decision on use of a specification for a good containing recycled materials or a percentage price preference is within the sole discretion of the County and may not be appealed.

4. OPTIONAL PRE-BID CONFERENCE(S)

One or more optional Pre-Bid Conference(s) will be held. It is optional, though highly recommended that prospective bidders attend the pre-bid conference(s). For information regarding the date, time, and place of the conference(s), see the Bid Cover Sheet.

5. OR EQUAL INTERPRETATION

Unless stated otherwise in the Scope of Services, identification of an item by manufacturer's name, trade name, catalog number, or reference is intended to be descriptive but not restrictive in that it is used for the purpose of describing the type, style, quality, performance and minimum specifications of the product desired, and shall not be interpreted to mean the only acceptable product. Bids on other makes and/or models will be considered provided the bidder clearly states in the spaces provided in the Quotation Sheet what is being proposed and forwards with the bid complete descriptive literature indicating the character of the article being offered and addressing all specifications of this solicitation.

The County reserves the right to accept or reject, in its sole discretion, items offered as an "equal".

6. QUESTIONS

All technical and non-technical questions pertaining to this Invitation for Bids should be directed to the individuals whose names are indicated on the Bid Cover Sheet.

7. SAMPLES

When samples are required it will be so indicated. Samples must be submitted so as to arrive at the designated location prior to the opening of bids and must be identified with the NAME OF BIDDER, BID NUMBER AND BID ITEM NUMBER. Failure to properly identify samples may cause bid to be considered nonresponsive. Samples shall be free of charge and delivered at the bidder's expense. The County will have the right to destroy, alter, or mutilate samples in examination for specification or performance compliance without charge from bidder. Samples may be removed within ten (10) days after award. Samples may at the County's option be retained for the life of any subsequent contract period.

8. ACCEPTANCE TIME

By submission of an offer under this solicitation, the offeror agrees that the County has 120 days after the opening date in order to issue an award. The

County reserves the right to reject, as nonresponsive, any offer that specifies less than 120 days of acceptance time. Upon mutual agreement between the County and the Offeror, the acceptance time for the Offeror's bid may be extended.

9. ALTERNATE OFFERS

Bidders must bid only one (1) product and one (1) price per bid item even though they feel they can offer more than one item that will meet the specifications. Bidders must determine for themselves which to offer. If a bidder submits more than one (1) product and/or more than one (1) price for a given bid item or items, it may be cause for the item or items bid upon to be considered non-responsive and rejected.

10. AWARD OR REJECTION OF BID

- A. Failure to submit requested data, surety, or other documents in the electronic bid submission as may be required herein may be cause for rejection of the bid.
- B. The County reserves the right to accept or reject any or all bids, or portion thereof, to give an offeror an opportunity to cure any deficiency resulting from a minor irregularity in a bid or to waive the deficiency, whichever is to the advantage of the County, and to award the Contract in the best interest of the County. The decision of the Director with respect to whether a defect is a minor informality is made in the sole discretion of the Director and is not subject to review and may not be challenged by a bidder.
- C. Conditional or qualified bids are subject to rejection.
- D. The County reserves the right to reject the bid of a bidder who has previously failed to perform properly or to complete in a timely manner, contracts of a similar nature, or if investigation shows the bidder unable to perform the requirements of the contract.

11. BID PREPARATION EXPENSES

All costs incurred in the preparation and submission of bids will be borne by the bidder and shall not be incurred in anticipation of receiving reimbursement from the County.

12. BID PROTESTS

All protests made pursuant to this solicitation must be in writing and delivered to the Director, Office of Procurement: (a) within ten (10) calendar days after the Director, Office of Procurement, publicly posts the proposed contract award, if the bidder seeks as a remedy the award of the contract or costs under Section 11B-36(h) of the Montgomery County Code, or (b) before the submission date for bids, if the bidder seeks as a remedy the cancellation or amendment of the solicitation. **Each protest must contain a protest filing fee in the amount of \$500 (US currency); if the fee is paid by check, then the check must be made out to "Montgomery County Government". The Director, Office of Procurement, may return the filing fee to the protesting bidder, if the protest is sustained.** The Director, Office of Procurement, must dismiss any protest not timely received.

Only an "aggrieved" bidder may file a protest. Aggrieved means that the bidder who is filing the protest may be eligible for an award of the contract if the protest is sustained (e.g., a fourth ranked bidder is not aggrieved unless the grounds for a protest, if sustained, would disqualify the top three ranked bidders or would require that the solicitation be reissued).

Each protest must contain the following: identification of the solicitation; the name, address, email address, fax and telephone numbers of the protesting offeror; a statement supporting that the bidder is aggrieved; and specification of all grounds for the protest, including submission of detailed facts and all relevant documents, citation to relevant language in the solicitation, regulations, or law relied upon; and, all other matters which the bidder contends supports the protest. The burden of production of all relevant evidence, data, and documents, and the burden of persuasion, to support the protest is on the bidder making the protest.

Only such amendments, when issued by the Director, Office of Procurement, will be considered as being binding on the County.

27. SERVICES CONTRACT (County Code 11B-33A)

Under County law, a solicitation for a contractor to provide services is subject to the Montgomery County Code regarding compliance with certain wage requirements payable to the Contractor's employees. Additional information regarding the County's wage requirements is contained within this solicitation (see the provision entitled "Wage Requirements for Services Contracts Addendum to the General Conditions of Contract between County and Contractor" and its companion documents entitled "Wage Requirements Certification" and "501(a)(3) Non-profit organization/s Employee's Wage and Health Insurance Form). The contractor further assures the County that, in accordance with those laws, it does not, and will not, discriminate against an individual with respect to hiring, recruitment, or referral for a fee, of an individual for employment or the discharge of an individual from employment, because of the individual's national origin or, in the case of a citizen or prospective citizen, because of the individual's citizenship status.

The minimum limits of coverage listed shall not be construed as the maximum as required by contract or as a limitation of any potential liability on the part of the proposed awardee/contractor to the County, nor shall failure by the County to request evidence of this insurance in any way be construed as a waiver of proposed awardee/contractor's obligation to provide the insurance coverage specified. Contractor must keep this insurance in full force and effect during the term of this contract, including all extensions. Unless expressly provided otherwise, Table A is applicable to this contract. The insurance must be evidenced by one or more Certificate(s) of Insurance and, if requested by the County, the proposed awardee/contractor must provide a copy of any and all insurance policies to the County. If contractor will be preparing, displaying, publicly performing, reproducing, or otherwise using, in any manner or form, any information, document, or material that is subject to a copyright, trademark, patent, or other property or privacy right, then contractor must: obtain all necessary licenses, authorizations, and approvals related to its use; include the County in any approval, authorization, or license related to its use; and indemnify and hold harmless the County related to contractor's alleged infringing or otherwise improper or unauthorized use. Accordingly, the contractor must protect, indemnify, and hold harmless the County from and against all liabilities, actions, damages, claims, demands, judgments, losses, costs, expenses, suits, or actions, and attorneys' fees and the costs of the defense of the County, in any suit, including appeals, based upon or arising out of any allegation of infringement, violation, unauthorized use, or conversion of any patent, copyright, trademark or trade name, license, proprietary right, or other related property or privacy interest in connection with, or as a result of, this contract or the performance by the contractor of any of its activities or obligations under this contract.

23. INFORMATION SECURITY

A. Protection of Personal Information by Government Agencies:
In any contract under which Contractor is to perform services and the County may disclose to Contractor personal information about an individual, as defined by State law, Contractor must implement and maintain reasonable security procedures and practices that: (a) are appropriate to the nature of the personal information disclosed to the Contractor; and (b) are reasonably designed to help protect the personal information from unauthorized access, use, modification, disclosure, or destruction. Contractor's requirement to implement and maintain reasonable security practices and procedures must include requiring any third-party to whom it discloses personal information that was originally disclosed to Contractor by the County to also implement and maintain reasonable security practices and procedures related to protecting the personal information. Contractor must notify the County of a breach of the security of a system if the unauthorized acquisition of an individual's personal information has occurred or is reasonably likely to occur, and also must share with the County all information related to the breach. Contractor must provide the above notification to the County as soon as reasonably practicable after Contractor discovers or is notified of the breach of the security of a system. Md. Code Ann., State Gov't. § 10-1301 through 10-1308 (2013).

B. Payment Card Industry Compliance:

In any contract where the Contractor provides a system or service that involves processing credit card payments (a "Payment Solution"), the Payment Solution must be Payment Card Industry Data Security Standard Compliant ("PCI-DSS Compliant"), as determined and verified by the Department of Finance, and must (1) process credit card payments through the use of a Merchant ID ("MID") obtained by the County's Department of Finance by and in the name of the County as merchant of record, or (2) use a MID obtained by and in the name of the Contractor as merchant of record.

24. NON-CONVICTION OF BRIBERY

The contractor hereby declares and affirms that, to its best knowledge, none of its officers, directors, or partners or employees directly involved in obtaining

contracts has been convicted of bribery, attempted bribery, or conspiracy to bribe under any federal, state, or local law.

25. NON-DISCRIMINATION IN EMPLOYMENT

The contractor agrees to comply with the non-discrimination in employment policies and/ or provisions prohibiting unlawful employment practices in County contracts as required by Section 11B 33 and Section 27 19 of the Montgomery County Code, as well as all other applicable state and federal laws and regulations regarding employment discrimination.

The contractor assures the County that, in accordance with applicable law, it does not, and agrees that it will not, discriminate in any manner on the basis of race, color, religious creed, ancestry, national origin, age, sex, marital status, disability, or sexual orientation.

The contractor must bind its subcontractors to the provisions of this section.

26. PAYMENT AUTHORITY

No payment by the County may be made, or is due, under this contract, unless funds for the payment have been appropriated and encumbered by the County. Under no circumstances will the County pay the contractor for legal fees, late fees, or shipping fees that are not provided for in the contract. The contractor must not proceed to perform any work (provide goods, services, or construction) prior to receiving written confirmation that the County has appropriated and encumbered funds for that work. If the contractor fails to obtain this verification from the Office of Procurement prior to performing work, the County has no obligation to pay the contractor for the work.

If this contract provides for an additional contract term for contractor performance beyond its initial term, continuation of contractor's performance under this contract beyond the initial term is contingent upon, and subject to, the appropriation of funds and encumbrance of those appropriated funds for payments under this contract. If funds are not appropriated and encumbered to support continued contractor performance in a subsequent fiscal period, contractor's performance must end without further notice from, or cost to, the County. The contractor acknowledges that the County Executive has no obligation to recommend, and the County Council has no obligation to appropriate, funds for this contract in subsequent fiscal years. Furthermore, the County has no obligation to encumber funds to this contract in subsequent fiscal years, even if appropriated funds may be available. Accordingly, for each subsequent contract term, the contractor must not undertake any performance under this contract until the contractor receives a purchase order or contract amendment from the County that authorizes the contractor to perform work for the next contract term.

27. P-CARD OR SUA PAYMENT METHODS

The County is expressly permitted to pay the vendor for any or all goods, services, or construction under the contract through either a procurement card ("p-card") or a Single Use Account ("SUA") method of payment, if the contractor accepts the noted payment method from any other person. In that event, the County reserves the right to pay any or all amounts due under the contract by using either a p-card (except when a purchase order is required) or a SUA method of payment, and the contractor must accept the County's p-card or a SUA method of payment, as applicable. Under this paragraph, contractor is prohibited from charging or requiring the County to pay any fee, charge, price, or other obligation for any reason related to or associated with the County's use of either a p-card or a SUA method of payment.

28. PERSONAL PROPERTY

All furniture, office equipment, equipment, vehicles, and other similar types of personal property specified in the contract, and purchased with funds provided under the contract, become the property of the County upon the end of the contract term, or upon termination or expiration of this contract, unless expressly stated otherwise.

29. TERMINATION FOR DEFAULT

The Director, Office of Procurement, may terminate the contract in whole or in part, and from time to time, whenever the Director, Office of Procurement, determines that the contractor is:

(a) defaulting in performance or is not complying with any provision of this contract;

(b) failing to make satisfactory progress in the prosecution of the contract; or
(c) endangering the performance of this contract.

The Director, Office of Procurement, will provide the contractor with a written notice to cure the default. The termination for default is effective on the date specified in the County's written notice. However, if the County determines that default contributes to the curtailment of an essential service or poses an immediate threat to life, health, or property, the County may terminate the contract immediately upon issuing oral or written notice to the contractor without any prior notice or opportunity to cure. In addition to any other remedies provided by law or the contract, the contractor must compensate the County for additional costs that foreseeably would be incurred by the County, whether the costs are actually incurred or not, to obtain substitute performance. A termination for default is a termination for convenience if the termination for default is later found to be without justification.

30. TERMINATION FOR CONVENIENCE

This contract may be terminated by the County, in whole or in part, upon written notice to the contractor, when the County determines this to be in its best interest. The termination for convenience is effective on the date specified in the County's written notice. Termination for convenience may entitle the contractor to payment for reasonable costs allocable to the contract for work or costs incurred by the contractor up to the date of termination. The contractor must not be paid compensation as a result of a termination for convenience that exceeds the amount encumbered to pay for work to be performed under the contract.

31. TIME

A. REQUIRED DOCUMENTATION

To provide assurance that bidders are fully cognizant of current best practices relative to tire and wheel care/maintenance, bidders shall provide the County with the following within 10 working days of request from the County. Failure to do so will result in your bid being declared Non-Responsive:

1. Company Safety and Compliance Manuals
2. Documentation of employee training/certification through tire manufacturers and industry organizations such as the: Tire Industry Association (TIA CTS 300 level), American Trucking Association/Technology and Maintenance Council (ATA/TMC) Recommended Practices, The Rubber Manufacturer's Association (RMA) relative to OSHA and other tire industry safety and procedural standards/best practices.
3. Lists of tools carried on service vehicles including torque devices and calibration records.
4. Documentation of membership in either the Tire Industry Association or American Trucking Association Technology and Maintenance Council.
5. Operational and procedural manuals relative to:
Proper wheel removal, wheel condition inspection and reinstallation including torque devices used to ensure proper clamping force. Proper valve stem and core installation, including applicable torque procedures and use of double seal tire/valve stem cap, inflate-through or flow-through cap, proper radial truck tire repair methods, materials, and tire dismount/mount procedures.
6. An inventory of service vehicles used in the delivery of tires/service and equipment carried on those vehicles including types of torque devices (and calibration dates), air compressors, portable cages, lift gates and warning/safety lighting devices.

B. SERVICE

1. Repairs

Tires that can be repaired are expected to be repaired so long as successful bidder adheres to industry best practices and standards for repairs (ATA TMC RP 206B). "Plugs" inserted from the exterior are NOT acceptable; prior to repairs, holes/other damage must be properly evaluated for field repair or retread shop repair. Repairs to sidewall damage are not acceptable. Patches are acceptable.

2. Casing Credits

MCFRS expects that some original tread tires may not be reusable due to low tread depths. However, since there is no retread program and the casings are virgin casings, MCFRS expects:

- a. To receive a casing credit shown on invoices for those casings that the bidder can retread and sell to other users.
- b. That MCFRS will not sustain a disposal charge for those casings.

C. SUPPLY AND DISPOSAL**1. Creation and Maintenance of Tire Bank**

The purpose of a tire bank is to provide matches for tires removed to maintain equal tread depths across single axles and tandems. Fire apparatus is often subject to single tire damage, resulting in road calls for emergency single tire replacement. These occurrences often result in unacceptable tire height differences on single or tandem axle configurations and require follow-up so as not to destroy dual sets. For example, a single axle pumper damages and flattens an outside dual tire; the tire tread depths across the axle are an average of 14/32nds. The new tire, placed on the outside position, has 26/32nds tread depth. That height difference will result in damage/shortened life to both tires on that side of the axle as they revolve at different speeds. The follow-up suggested by best practices is either to remove the new tire for reuse and install a used serviceable tire close to 14/32nds tread depth to match or to install three additional new tires on that axle and move the other three tires that are at 14/32nds to a tire bank after inspection for reuse.

****NOTE: When tires are utilized from the Tire Bank, in addition to matching tread depth of existing tire(s), the successful bidder must utilize a FIFO (First In, First Out) racking system to continually rotate the oldest tires out first, thus preventing any tire from sitting for an extended period.***

2. Tire Audits of Tire Bank

The successful bidder shall perform bi-annual Tire Audits for the fleet manager to ensure a tire bank of reusable tires in good condition and with a tread depth above 6/32nds.

D. OPTIONAL: WHEEL ALIGNMENTS/STEERING/SUSPENSION REPAIRS, AS REQUESTED

1. As requested, and with PRIOR approval from a Fire and Rescue Service Fleet Crew Chief, the successful bidder may be authorized to perform necessary wheel alignments, steering and/or suspension repairs before/after tire replacement service.
2. Examples of repairs that may be required are as follows: tie rod end, ball joints, drag link replacement, etc.
3. Technician performing other repairs must be experienced in such repairs.

E. QUOTATION SHEETS

1. "Estimated Annual Usage" information on the Quotation Sheets is average. The quantities do not reflect exact annual tire order quantities; therefore, there is no guarantee of annual purchases.
2. Unless otherwise noted on the Quotation Sheets, only "acceptable brand(s)" are to be provided by the vendor.
3. Tires listed on Quotation Sheets reflect most tires sizes currently purchased and utilized.
